Easter Egg Hunt

BIG TIME FOR THE KIDDIES TO BE STAGED, RAIN OR SHINE, THIS SATURDAY

Playground directors met with Elman Rose, recreation director, Tuesday evening to complete plans for the Easter Egg hunt to be held this Saturday commencing at 10 a. m. Activities will be held at both Jefferson nion High school grounds and Marchbank park.

Whether it be rain or shine the activities for the day will go on, it was announced.

Youngsters from 7-9 and 10-12 will meet at the high school field bleachers for relay games and races supervised by playground directors. Relay races at the high school will be: hurdle, ping pong bounce; bowling, back to back, ping pong balance, obstacle, foot ten pin, balance ten pin, basketball, straw, skip rope, chin, checker.

Directors for the day will be Glenn Smith, Beth Kaybeary, and Kathleen Schreiber at Marchbanks park. Joe Ballarin, Tiny Clement, Ed Cassilago, will supervise the 7-9 age group at Jefferson; and Bob Seiler, Herb Osuna, and Bill Firpo will be in charge of the 10-12 age group.

The six and under age group will meet at 10 a. m. in the baseball bleachers of Marchbank park. Prehunt activities will include singing games.

The Daly City Recreation Department will be assisted by the Daly City-Colma Girl Scout Association, the OLPH Mother's club, and the Colma, Woodrow Wilson, General Pershing and Crocker P. T. A.'s Girl Scout Troops No. 2 and 3 will stage events at the high school with Troop 4 at Marchbank. Troop 12 under the supervision of Mrs. Hilda Heagney will color eggs at the high school kitchen. Chairman will be Mrs. Rose Bradford.

There will be nine prizes for the various age groups finding marked eggs. Forty-eight prizes for relay races will be distributed at the high school.

PETTY THIEVES STEAL MONEY JAR

It's happened again; this time at the Daly City Theatre. During the matinee performance Saturday a jar containing money for the Crippled Children of San Mateo was stolen. A reward for information leading to the arrest and conviction of the culprit or culprits who took the jar was offered by Dan Anderson, manager.

Just a few weeks ago a jar for Boys' Summer Camp was taken from McGraw Brothers counter.

Parents Invited To Open House At Jeff High School April 26

Jefferson Union High school will hold open house Tuesday night, April 26, in observance of Public Schools Week.

Parents have been cordially invited by the students and their teachers to come and see what the high school is doing.

All rooms and shops will be open from 7 p. m. to 8:30 p. m. for exhibits and demonstrations of students' work. At 8:30 a special program will be presented in the auditorium, featuring a fashion show, speeches and demonstrations by students, and music by the band and choral groups.

New Owner For Colma 5 & 10

The Colma Five and Ten, 7380 Mission street, has changed hands. Purchased from R. F. Ross by Henry H. Remak, owner of a variety store in San Francisco, it is now being managed by the new owner's son, John H. Remak.

New motto of the five and ten is, "A small store of great service," which the younger Mr. Remak says he is going to do his best to live up to. Grace Molini, who had worked for Mr. Ross, will continue on the job, working with Remak.

The Remaks don't like capital letters, as a glance at their advertising this week will show. They plan to take down the present sign over the door and replace it with one done in lower case.

Re-Enlists In U.S. Marines

Jack Watso, son of John Watso, owner of the Daly City Sport Shop, recently reenlisted in the United States Marines and is at Camp Pendleton in San Diego.

Jack formerly served two years in the Marines and saw service in Guam. He reenlisted to make a career of the Marines. Jack, who lived at 144 Irvington street, plays the trombone in the Marine Band.

DeLeon Music Store Announces Special Offer

Daly City's own music center, the DeLeon Music Store, has an offer this week that will be tempting to most residents here. The store is allowing 10 per cent off on any purchase if the customer brings a copy of the store's ad (which incidentally appears on page 15 of the Record and on page 7 of the Shopping News). It's really a bargain well worth taking advantage of. Listed in their advertisement are some of the many things you may buy on their easy budget plan.

Besides musical instruments, the store carries both popular and classical records, sheet music of all kinds, television and radio sets and combinations.

The music center also gives instruction in both piano and violin.

A Letter To The Editor . . . . .

The Daly City Record
Daly City, California
Dear Editor:

About this time of the year, one of the most important elections to public office takes place. It is the office of school trustee.

Unfortunately for the children and for the conscientious parents, little or no thought or consideration is given to the qualifications and background of these representatives of the people of the District.

A School Trustee is a person who controls the hiring and firing of all employees in the educational system of the district, all the way from the esteemed office of superintendent to the commonest job in the plant. The teachers, whom the people depend on to carry on the formal education of their most cherished possessions — their children —are hired and responsible ultimately to this officer, the Trustee. Now, will this truly a public servant, uncompensated, perform these duties as an earnest parent and taxpayer would have him? Will he be sincere in his efforts to improve the educational facilities, both from an academic viewpoint and a physical viewpoint? Or will he be an outright politician or worse yet, the handy tool of a more shrewd politician? Past experience in this district would indicate the school system as a hot bed of political intrigue, and the children have been the losers a-plenty and the indifferent tax-paying parents have paid the bills (a-plenty too) and only murmured softly their protests. A lot of people are wondering why the county's foremost politicians are so concerned in the school situation. Could it be their desire for greater educational advantages for all? A desire to put democracy into action and give a superintendent a chance to run his school — a teacher a chance to teach and a child an opportunity to learn? Or is there a pot of gold somewhere in these Jefferson School District Hills?

Why don't the people take an interest, check the qualifications of the candidates, see if he is a person familiar with educational methods, not just a social lion or a sharp business man. Often candidates know nothing of the school operation, don't even attend school board meetings, yet they aspire to be Trustee if only to find out what it is all about. Let's end this farce, let's elect a Trustee with educational interests. Schools are to educate American Children, not to support politicians.

HELEN CHEATHAM

Lions' Benefit Show To Promote Youth Welfare Work Here

On Tuesday, May 10, at 8 p.m. at the Daly City Theatre the second Annual Daly City - Colma Lions Club Benefit Show will be presented featuring the famous Duncan Sisters, the Hill Billy Band and other specialty acts by local and imported talent.

In addition to the personal appearance of the top professional and amateur entertainers in the Peninsula area a full movie feature, "Crazy House," starring Olson and Johnson, will be shown.

Proceeds from the show will be used in promoting youth welfare work in the Daly City - Colma area.

Broadmoor Police Commission Hires Two Patrolmen

Broadmoor's new police commission appointed two patrolmen to replace Broadmoor's resigned police chief James Thomas, when they took office last Monday.

The two patrolmen were Raymond Logan sr., a former special policeman in the county, and Paul Schmidt, who was a Brisbane police sergeant.

The new police commission consists of Jack Gordon, Minor D. Peterson, and Armond Ferraris. They will appoint a new chief for the unincorporated community in July, when the chief's salary will be paid from the San Mateo County tax rolls.

VACATION'S OVER

Aw, heck!

That will be the consensus of opinion among school children here early Monday morning, but not among their mothers — who will be glad to see the kids go back to school after being on vacation since April 8.

Hope It Doesn't Rain This Year!

Daly City's May Day Float for its second annual May Day Parade and Festival will be very similar to the float shown above which was used in the May Day parade last year, according to Mel Battye, general chairman. Battye said that applications for organizations wishing to enter a float or unit in the parade were pouring in, and that those in charge expect "quite a parade." Drill teams, mounted units, and many children will all participate in the annual event.

GRAND JURY ASKED TO INVESTIGATE JEFF SCHOOL DIST. BUSINESS DEALINGS

A suggestion that business dealings of the Jefferson elementary school district board of trustees be investigated was made this week in a letter to the San Mateo county grand jury by Hugh H. Smith Jr.

Citing certain activities of the board of trustees, Smith alluded that the dealings were intended to benefit firms or persons with whom board members were associated in business.

The incidents cited included the sale by the board in 1947 of a car which had been used by a school nurse; the sale of the Vista Grande school site by the board; and a "real estate deal" in which property designated for a future civic auditorium and war memorial building was allegedly purchased and then resold at 100 per cent profit.

AUTO PARKER PUTS UP $50 BAIL

The first lane of traffic on Junipero Serra boulevard is no place to park an automobile—especially with the lights out. Because Fred Arthur Lander of 33 Scott street, San Francisco, failed to consider this "little matter" he was arrested early Thursday morning and booked for being drunk in and about an auto.

Lander was released on $50 bail. He will appear before Judge William Sweeney, Friday, April 22.

Bitten By Dog

John Luca, 11 years old, 281 Niantic avenue, was treated at Junipero Serra hospital for a bite on the right hand after trying to separate a fighting cat and dog.

OLPH Mothers Club Invite Public To April Luncheon

The public is cordially invited to attend a three-course "Betty De Motte" luncheon sponsored by the Mothers' Club of Our Lady of Perpetual Help School. The luncheon will be held Monday at 1 o'clock April 18 in the school auditorium at 80 Wellington avenue.

A motion picture and talk regarding the food products served at the luncheon will follow and many attractive door prizes will be given. Members who have joined the Mothers' Club during the present term will act as hostesses for the luncheon, which will be 50c per person. Members of the Kateri Club, which is the teen-age club of the parish, will assist with the serving.

NEW PETITION FOR ANNEXATION IS FILED WITH CITY CLERK

Merchants Warned On Payroll Checks

Merchants are being warned not to accept payroll checks numbering from 583 to 600 made on the Bank of America, Ocean and Faxon avenues branch. The checks were taken from the firm of Dahlstrom and Falvey Builders, 6012 Mission street, on Tuesday, April 5.

According to police a laborer, and former employee of the company, cashed a check at a local market for $25 08.

Merchants Assn. Support Southern Bay Crossing

A telegram showing their support of a southern bay crossing has been sent by members of the Daly City Merchants Association to Congressman Jack Anderson and Senators William Knowland and Sheridan Downey.

The telegram read as follows:

"Daly City Merchants Association is on record as unanimously in support of the southern bay crossing. Your efforts and those of your colleagues on behalf of the successful culmination of this plan will be sincerely appreciated.

T. R. HOPMAN, Secretary."

Public Schools Week Slated To Begin April 25th

Schools of the Jefferson School District will participate in the thirtieth annual observance of Public Schools Week beginning on Monday, April 25, with a series of "Open House Days" night programs, classroom visitation, demonstration teaching and exhibits of pupils' work.

During the entire week parents and the public alike are urged to visit their schools and participate in the observance.

A complete program will be presented in next week's issue.

Presby. Ladies To Hold Food Sale

The day before Easter, April 16, the Women of Grace Presbyterian church will hold a "food and bake" sale at the Sprouse-Reitz Co. store at 6400 Mission street.

Potato salad, baked beans, pies, cakes, cookies, candies, will be offered.

Mrs. W. Kesler, Mrs. M. Carruthers, Mrs. S. Holcomb, Mrs. P. South, Mrs. S. Hannah will be in charge.

Withdrawal of a petition for annexation of portions of two block adjoining Hillside Manor took plac at the regular meeting of the city council Monday night. Sterling Building company had requested the annexation, which had been protested by B. Puccetti at a previous meeting. Puccetti protested on the grounds that he was the owner of more than half the assessed valuation in the area concerned. Sterling was given two weeks in which to formally verify its oral withdrawal of the petition.

At the same time, a new petition for annexation of the territory, signed by a larger number of property owners, was filed with the city clerk. The council will consider the new petition at its next regular session, a week from Monday.

In a second hearing, the council ordered the abatement of a building owned by Chas. Kirschner, at 232 Los Olivos avenue. Building inspection officials had declared the structure unfit and unsafe.

Routine matters of city business occupied the remainder of the session, which was attended by Mayor Paul Green, Councilmen Mel Battye, Edward Mooney and Fred Bertetta, City Clerk B. C. Ross, and Acting City Attorney Murray Draper.

Referring to a story appearing in a recent issue of a north county paper, in which Hugh Smith Jr. was reported to have written the county grand jury and stated that the city gasoline contract was held by the J. L. Castor company, with which Councilman Fred Bertetta is associated, Mayor Green stated that the charge was untrue.

"I understand that it has been said that the Castor company never held the city gas contract until Mr. Bertetta was elected, and that the Castor company now holds the contract," Green said.

"This is not true. The facts are these: The city grants a contract for gasoline, each calendar year, on a basis of competitive bids. For the period from January, 1947 to 1948 and from 1948 to 1949, before Mr. Bertetta became councilman, the Castor company had been low bidder, and had won the contract. When the bid was awarded for the period from January, 1949, to January, 1950, the Castor company was tied for low bid. However, since Mr. Bertetta was sitting on the council and was also connected with the Castor company, the bid was instead awarded to the Hancock Oil Company, which company presently supplies the city with gasoline requirements, and will continue to do so, under a contract, until the end of the year, at which time new bids will be received and the contract will be awarded to the lowest responsible bidder."

Advance Night For Bethel No. 26, O.J.D.

Bethel No. 26, International Order of Job's Daughters, held its semi-annual advance night Friday evening, April 8, at Mission Masonic Temple. This is the night when all line officers advance one chair for the meeting.

Come to EASTER SERVICES

How long is it since you last attended church? No matter how many Sundays you have missed, don't deny yourself the delight of Easter services.

In every church the world over, men and women will pray together in the sacred worship of Christ's resurrection. Daly City churches have all planned special Easter and Good Friday services for you, your family and friends. Services scheduled are as follows:

GRACE PRESBYTERIAN CHURCH

Good Friday a candlelight communion service will be held at 7:45 p.m. The pastor, Reverend William Harberts, will use for his communion meditation "Bearing His Cross." The Grace church choir will sing special numbers.

Easter Sunday, April 17, Sunday school will be one hour earlier at Grace church, at 8:45 a.m.

Two worship services will be conducted at the Masonic temple, 17 Hillcrest drive. At 9:45 a.m. the sermon subject will be "Christ, the Resurrection and Life." "Christ Drawing All Men Unto Him" will be the sermon at the 11 a.m. service.

The Grace church choir, under the direction of Mrs. Einar H. Hanson will sing "Awakening Chorus" and "Hallelujah for the Cross."

At 4 p.m. a vesper and baptismal service will be held at Grace church.

OUR LADY OF PERPETUAL HELP CHURCH

Rev. Thomas Kennedy, teacher at Serra High school, will preach the sermons on the "Seven Last Words" during the three hours from noon to 3 p.m. on Good Friday. Mass of the Presanctified will be held at 12 noon. Evening services will be held at 8 p.m.

Holy Saturday services will include Blessing of the Font at 7:30 a.m., mass at 8:30 a.m., with confessions from 3 to 6 p.m. and from 7:30 to 9 p.m.

Masses on Easter Sunday will be held at 6:30, 7:15, 8, 9, 10:30 a.m. and 12:15 p.m. High mass at 10:30 a.m. will be sung by the Children's Choir and followed by Benediction of the Blessed Sacrament.

BETHEL LUTHERAN CHURCH

A special service will be held on Good Friday at 8 p.m. at the Bethel Lutheran church, Alemany boulevard and Huron avenue. "This hour of worship is conducted in commemmoration of the death of Jesus Christ on the cross for the redemption of mankind," the minister stated. The Reverend Herbert P. Schroeder will preach on the subject, "The Precious Blood of Jesus."

Easter Sunday will be observed with two services at the church. Rev. Schroeder will preach on "As It Began to Dawn" at 8 a.m. and again at 10:45 a.m. Waldemar Jacobsen will be the vocal soloist. The choir will render special music.

DALY CITY ASSEMBLY OF GOD CHURCH

Good Friday services at the Assembly of God church, 6276 Mission street, will be held at noon. Services on Easter will include a sermon at 11 a.m. and one at 7:30 p.m.

FIRST UNITED PENTECOSTAL

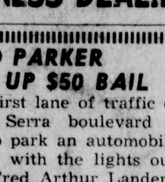
Regular services will be held at the First United Pentecostal, 400 Crescent avenue. Subject of the sermon at 11 o'clock will be the resurrection of Christ.

HOLY ANGELS CHURCH

Presanctified mass at the Holy Angels church in Colma will be held at noon, followed by three hours of devotions. Station of the Cross will be at 7:30 a.m.

Rituals on Holy Saturday will begin with a 7:30 a.m. mass. Holy Communion will follow at 8 a.m. with confession being held from 2:30 to 7:30 p.m. and again from 7 to 9 p.m.

Masses on Easter will be held at 6, 7, 8:30, and 10:30 a.m. and 12:15 p.m. Benediction of the Most Blessed Sacrament will follow the 10:30 mass.



GRACE CHURCH OF THE NAZARENE

A short Easter program will be presented by the young people at the Grace Church of the Nazarene, 101 Vista Grande avenue, during the Sunday school hour Easter morning.

A christening service for babies will be held during the regular morning worship. Rev. D. C. McKisson, pastor of the church will present the Easter sermon and also will sing the selection, "Holy City." Other special music will be provided by the choir when they sing "Emanuel Forever" and "He Reigns." The Daly City Melody Makers, a trio will also sing special songs.

In the evening, young people of the church will present a cantata, "Christ Is Risen." The musical will be followed by a short Easter sermon by Rev. McKisson.

CALVARY BAPTIST CHURCH

An Easter program will be presented by the Sunday school at the Calvary Baptist church, Mission and Morse streets, at 9:30 a.m. Sunday. Two Easter sermons will be presented by Rev. Robert Kay of Sunnyvale. At 11 a.m. he will speak on "The Glories of the Living Christ." "After Easter What?" will be his subject for the evening services at 7:45 p.m.

OCEAN VIEW CONGREGATIONAL-COMMUNITY CHURCH

A special candlelight communion worship service will be held Thursday, April 14, at 8 p.m. at the Ocean View church, 146 Broad street. New members will be admitted into the fellowship. The church choir will give selections from Stainers' "Crucifixion."

Good Friday, the Rev. J. H. Bennett will conduct an hour of devotions from 1 p.m. to 2 p.m.

Two separate worship services will be presented Easter Sunday. One will be held from 9:30 a.m. to 10:30 a.m. and the other from 11 a.m. to noon. Reverend Bennett will speak on "Triumphant Certainties," The church choir will sing special music.

A special hour of Easter worship will be held for young people in the social hall to accomodate parents who wish to bring their children with them.

COMMUNITY PRESBYTERIAN CHURCH IN BROADMOOR

The film "King of Kings" will be shown at 12:30 and at 8 p.m. Good Friday at the Community Presbyterian church, 87th west of Junipero Serra, Broadmoor. This picture is Cecil B. DeMille's famous portrayal of the life of Christ. The minister suggests that it is best suited for adults rather than for small children.

Easter day, Sunday school will be held at 9:45 a.m. as usual, but two worship services, one at 11:15 a.m. and the other at 12:30 p.m., will be held with identical music and sermon. A public address system will again be installed to amplify the services for those who cannot find seats within the chapel, and who can "attend church" while seated in their cars on the ample parking lot behind the chapel.

In the midst of his travels around the peninsula Ted Merriman, photographer and director for the Miss Peninsula and Little King and Queen contests, stopped in at the Record Office and snapped a likely candidate. Posing candidates for Miss Daly City has been keeping Merriman busy. Entries are still pouring in for the contests. Winners of the contests will go to Menlo Park to compete for Miss Peninsula and Little King and Queen of the Peninsula. The contests are being sponsored by the Menlo Park Chamber of Commerce.

$1,000 CAR

The car most Americans want isn't being built yet. It's a "standard size" automobile that sells for $1,000 on the hoof. Reports from Detroit say that the big car manufacturers are doing a lot of thinking about the idea. Even the CIO Auto Workers Union has had draftsmen working on the "motor car named desire."

It is said that several such models already exist — on paper. What the manufacturers would like to know is, would public demand be sufficiently sustained to justify the enormous tooling costs involved in producing the $1,000 car? Our guess is that it would, provided the car didn't look too cheap and measured up to the standard of performance which the American motorists has come to expect.

But producers can't expect the people to lay out $1,000 for a vehicle that looks like a toy or a freak. In view of the economic adjustment now taking place it is essential that car prices find a lower level. The $1,000 car might be just the economic shot in the arm Detroit may neeed in the next few years.

CHURCHILL FACES THE FACTS

One does not have to agree with all of Winston Churchill's views to recognize him as one of the truly great statesmen of this or any other era. But many persons find it difficult not to agree with him.

In the speech at Boston the former prime minister of Britain discussed world problems with his usual candor—not optimistically, yet not without hope. He sees the red danger as a very real thing and stated bluntly that "Europe would have been communized and London under bombardment some time ago but for the deterrent of the atomic bomb . . ." That's strong language, but most of us remember his strong warnings of a decade ago which men of appeasement chose to ignore. We remember too, his utterances at Fulton, Missouri, in 1946 when he boldly called for cooperation among the Western nations to stem the spread of Communism.

Churchill's explanation of the conduct of Russian leaders is undoubtedly accurate — that their actions are based on the desire to preserve their own vast powers rather than to primarily protect Russia, which is not in danger.

He sounded a courageous and constructive note when he said that "if we persevere steadfastly together and allow no appeasement of tyranny and wrong-doing in any form, it may not be our civilization which will break — and peace may yet be preserved."

Some of Churchill's critics picture him as an old man who hasn't kept up with the changing world. Actually, however, on most great issues he has not only kept up but kept ahead. That people in general now show signs of catching up with him is a most hopeful indication for future peace and security.

THE PEOPLE'S INTEGRITY

When we take a good look at some of the regulations imposed on the American people by the government we can only conclude that these regulations are based on the theory that the people have neither the desire nor the ability to handle their own affairs properly.

This theory also assumes that government officials are possessed of miraculous wisdom which enables them to know just what should be done to protect and promote the welfare of 140 million citizens.

One example of this "papa-knows-best" attitude is the control on instalment credit. This regulation was obviously prompted by the belief in Washington that the great majority of the people wouldn't have sense enough to avoid buying beyond their ability to pay.

But E. A. Mattison, executive vice president of Bank of America and an authority on instalment credit, recently declared that the best regulator of instalment credit is not a government decree but the inherent integrity of 99 per cent of the instalment purchasers.

In a speech at St. Louis, Missouri, he pointed out that even during the 1920-21 recession and 1929-33 depression losses on consumer credit averaged no more than 1½ per cent — a remarkably low figure.

"While the recent extension of Instalment Credit maturities," said he, "is a step in the right direction, it still represents unnecessary government regulation. When freedom is our goal, what good is it to be half free? Even though one handcuff has been removed, the other is still firmly attached to our wrist."

And he concluded, "To American industry and to the American people, freedom to borrow means freedom to buy . . . Only when industry and business know what Installment Credit is available to finance consumer purchases of their products, can they plan with assurance."

Isn't it about time that Washington "leaders" caught up with the rest of the nation?

THE RENT RUN-AROUND

The rent extension law passed by Congress achieved at least one thing: unanimity of public reaction. In other words, everybody's against it.

Spokesmen, or those who claim to be spokesmen, for the tenants scream that it's a sellout to the "real estate lobby." Representatives of the landlords claim that the provision for a "fair return" on their investment is a farce. The whole bill is pretty much of a mess.

TRAFFIC COURT

Good Friday to recent violators of Daly City's traffic laws will mean another week before they will have to pay their fines, as no court will be held on that day.

Not so lucky, however, were those 47 motorists who were caught in John Law's long arm last week.

Parking violators nosed out speeders 24 to 14. They were Richard Navarro, $2.50; Agastino Pileri, $2.50; Rudalph Robbins, $2.50; Tony Santos, $1.50; Fred Englenardt, $2.50; J. A. Splan, two violations, $1.50 each; Ralph Capps, $1.50; G. Cunningham, $2.50; Gerald Plyer, $1.50; Othello Fair, $1.50; William Wilkes, $1.50; S. Garcia, $2.50; Ed VonRitter, $1.50; Sidney Silver, $1.50; A. P. Elliott, $1.50; Thomas Toohey, $1; Thomas Maloney, $1.50; Edward Schmidt, $1.50; Elmer Schieck, $1.50; John DeMetri, $1.50; Wallace Wade, $1.50; Charlotte Riggs, $1.50; Lido Christofani, two violations, $1.50 each; Nicholas Lieterie, $1.50; B. J. Turgeon, $1.50; Al Armstrong, $1.50.

Speeders were Nicholas Babarotto, $3; John Beuttler, $2.50; Joseph Cahoun Jr., $7.50; William Goldner, $7.50; Irvin Goldstein, $15; Philip Harkas, $5; Margaret Heine, $2.50; Palmer Hewlett, $5; Eugene Lum, $7.50; Louise Mirrch, $5; William Palmer, $5; Aberil Nielson, $7.50; Margaret Randall, $7.50; Marguerite Sullivan, $7.50.

Fined for driving with an expired operators license was Edna Little Page, $5. Essie Short and Patrick Laughran were each fined $5 for not yielding the right of way to pedestrians.

Going through signals were Pauline Baker, Thomas Kenny, Donald Lavrre, Ruth Schultz, Anna Stump and Leata Strowig. All were fined $2.50.

New Arrival At The Lantz Home

Mr. and Mrs. Stone Lantz jr., of 188 Alpine Terrace, San Francisco, announced the arrival of a 7 pound 1½ ounce baby boy on Sunday, April 3. And like his father and grandfather his name is Stone John III.

Paternal grandparents are Mr. and Mrs. Stone Lantz sr., of 563 Hanover street, Daly City. Maternal grandparent is Mrs. Henry Timmer, 314 6th avenue, San Francisco.

"Drive-in" Church Is Something New

Something new has been added in the way of drive-ins — this time it's a "drive-in" church.

Last Sunday, a public address system took the service to the people who stood outside or sat in their cars on the parking lot at the Community Presbyterian church in Broadmoor Village.

The address system was installed because all seats were taken inside the chapel. Many others sat on benches or stood in the vestibule during the morning worship service. The sacrament of baptism was administered to 22 children at the service by Rev. John A. Glasse.

Fuel Is Drained From Excavators

Some youngsters really broke all rules last week end when they drained all the fuel and ran down the batteries of the excavators at the Doelger Builders plant located at Junipero Serra boulevard and No. 1 highway. L. B. Hainline reported the happenings to the police Monday morning. And besides it's against union rules to work over the week end and a person shouldn't be driving without a license.

HAPPY BIRTHDAY!

Stanford Hannah, Seven Others Celebrate Birthdays This Week

Note: Here begins a series of columns by our birthday writer, Harry Castiglioni. Harry will endeavor to wish everyone the best returns of the day when his or her birthday falls due, but he needs your help. He asks that relatives and friends of those who are going to have a birthday write the person's name and day of birth on a piece of paper and drop it into a box at Harry's Pastry Shop, 7388 Mission street. Names and birthdays should be brought in at least two weeks ahead of time.

By Harry Castiglioni

Hello, everyone. Well, let's see. We have eight people celebrating the anniversaries of their birth this week and we'll try to send them all a card.

We only have one name listed for Easter Sunday, Robert J. Marinelli, of 7 East Market street. The next day, April 18, Juanita Guisti, 188 School street, and Charles Sawa, 1663 Sweetwood, will be celebrating.

On April 19, P. Casrza, 113 Moltke street, will have a birthday, and on the 21st Lucille Burns, 859 Niantic avenue, will observe the anniversary of her birth, as will Mrs. Allan More, 21 Garden lane.

Gary Guarald, 173 Clark street, is on our list for April 22, and Stanford Hannah, principal of Jefferson high school, finishes up this week of birthdays by having one on Saturday, the 23rd.

Happy birthday to all these people, and to everyone who will have a birthday this week! Don't forget, if you know of someone who's going to have a birthday, get his name and day of birth, and bring the information to Harry's Pastry Shop two weeks ahead of time — or else we won't be able to get it in the paper before the day of the birthday.

New Picnic Area Planned For S.F.

San Franciscans soon will have a new picnic ground on the shores of Lake Merced which will provide free fishing facilities as well as a rustic setting for family picnics.

Mayor Elmer E. Robinson has announced plans for the project, and said he would ask the Park Commission to undertake the program as soon as the land is transferred to its jurisdiction from the Public Utilities Commission. Legal steps for the transfer are in process.

U.S. Navy Recruiting News

High school graduates are now being selected to attend Navy aviation and technical schools. Graduates who desire the aviation schools are assigned before they enlist to this school and enlist in the Navy as airman recruit instead of seaman recruit.

Graduates who desire technical training in such skills as following are assured before enlisting that they will attend one of below schools and will follow this skill while in the Navy:

Electrician, radar, diesel repair, journalist, machinery repair, photographer, printer, radioman, bookkeeping, pattern maker, shorthand-typing.

Here is an opportunity to earn while you learn a skill. This skill will bring you higher salaries in your later civilian life. If you are interested in this opportunity for high school graduates, contact your local Navy recruiting officer who is located in the county courthouse or phone EM 8-1185 for more information.

Water Projects Pay Off

Crops valued at $225,235,236—highest on record—were produced in 1947 on 15 federal reclamation projects in the Pacific Northwest, according to the bureau of reclamation. The previous high was set in 1946, when farmers grossed $210,337,163.

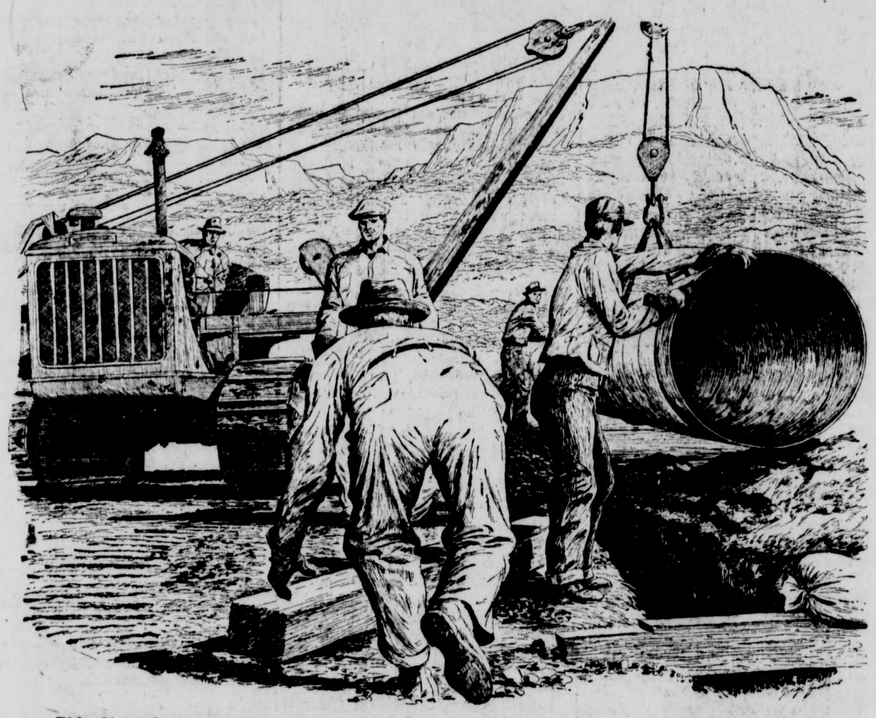
World's Biggest Pipeline will bring more natural gas to California



This Giant Gasway will bring a tremendous new supply of natural gas to California all the way from Texas and New Mexico. P. G. and E's. section of the 1600 mile project will be 506 miles long, 34 inches in diameter—the biggest high pressure gas line undertaken anywhere. Work starts this Spring. For months to come, men and machines will be trenching and laying pipe through desert and prairie, across mountains and rivers. First deliveries of 150,000,000 cubic feet a day are due Jan. 1, 1951.

Power trenchers will sink sharp metal teeth into the earth along a route from Texas and New Mexico to Needles on the California-Arizona border...then on to the Bay Area for distribution.

More fuel for California homes and factories—the new line ultimately can deliver more than 400,000,000 cubic feet of gas a day. That's nearly equal to the present average customer demand.

FOR THE RECORD

Nearly 200,000 tons of steel will be used in the California section of the line.

The gas will be fed into P. G. and E.'s distribution network of nearly 11,000 miles of gas lines.

Notice of Trustee's Sale

Notice is hereby given that on Wednesday, the 4th day of May, 1949, at the hour of 4:00 P.M. of said day, at the entrance to the City Hall, 75 Wellington Avenue, Daly City, San Mateo County, State of California, S. Walter Burke, as substituted trustee, will sell at public auction for cash, in lawful money of the United States, all payable at the time of sale, the following described real property situated in the City of South San Francisco, County of San Mateo, State of California, to-wit:

Lot 26 in Block "A", as designated on the map entitled "Map of Peck's Subdivision No. 1 South San Francisco San Mateo Co. Cal." which map was filed in the office of the Recorder of San Mateo County, State of California on June 24, 1907 in Liber 5 of Maps at page 11.

Said sale will be made without covenant or warranty regarding title, possession or encumbrances, to satisfy the obligations secured by and pursuant to the power of sale conferred in a certain deed of trust dated April 10th, 1946, between John H. Moore and Pauline C. Moore, his wife, as trustors; City Title Insurance Company, a California corporation, as trustee and Gladys H. Burke, as beneficiary, recorded in the office of the County Recorder of the County of San Mateo, State of California, on April 20th, 1946, in Volume 1276 of Official Records, at page 22 thereof.

Said deed of trust was assigned by Gladys H. Burke and S. Walter Burke, her husband, to Jack L. Gunning by assignment dated August 22nd, 1947, and recorded in the office of said County Recorder in Volume 1602 of Official Records, at page 138 thereof, on December 10th, 1948.

Notice of default of said obligation and election to sell, or cause to be sold, the trust property to satisfy the said obligation, was recorded in the office of said County Recorder in Volume 1650 of Official Records, at page 193 thereof, on December 6th, 1948.

Notice of substitution of trustee was recorded in the office of the said County Recorder on March 1st, 1949, in which the undersigned, S. Walter Burke, was duly substituted as trustee in place and stead of said City Title Insurance Company, a corporation, as per Recorder's Receipt No. 78543H.

This notice is given in compliance with the demand of the beneficiary by assignment heretofore made on the substituted trustee.

Dated: April 4th, 1949.

Chosen Rodeo Queen

Ample decoration for any corral is provided by Dorothy Hughes, 25, of Phoenix, Ariz., who has been selected to reign as Queen over the World's Championship Rodeo in Phoenix on April 10. Her Palomino horse, Talisman, seems to like the idea, too.

Block J Sponsors Dance At High School Friday

The Jefferson high school auditorium will rock with the rythms of the school band this coming Friday, April 22, when the members of the Block J society sponsor their semi-annual dance.

President Bob High of the society promises that the event will be a gala one and well worth the price of admission: 50c to those with student body cards, 75c for students without a card, and $1 to "outsiders."

Don Mohrweiss and Jim Harrison are in charge of the decoration, which, it is rumored, will be in blue and gold.

Mrs. Gensel Hears Brother For First Time In 20 Years

Mrs. Hattie May Gensel, 188 Acton street, Daly City, heard her brother's voice last week for the first time in twenty years. Her brother is O. A. Kelly, one of the heroes of the rescue attempt made to save little Kathy Fiscus. Mrs. Gensel hadn't seen him since he walked out of their home in Santa Barbara until she spotted his picture in the paper.

An hour after calling the Examiner to be sure it was he, Mrs. Gensel was talking to him by phone.

A reunion will be held next month when Mrs. Gensel will visit her mother, Mrs. Hattie Kelly of Los Angeles.

Coffee, Haitian Mainstay

Since the founding of the Haitian republic 145 years ago, coffee has been the mainstay of its economy. In recent years such products as sugar, sisal and bananas have been developed largely by foreign capital and under foreign control, but the great crop upon which more than any other, Haiti's many peasants depend for the little money they must have for their purchased necessities is coffee.

FROM AN ORIGINAL DRAWING BY DICK DOLE

BY ROY L. WARREN

If you'd like to build a model glider plane, get busy! Here is a model for flying in a gymnasium, a barn or in an airplane hangar if there is one in your town. Perhaps on a calm day it can be used outdoors.

This snappy little glider model costs about 30 cents for material at any model supply store for de luxe building. Everything has straight edges, so if you watch your dimensions and take a little care, everything will come out fine.

It was designed by Dick Dole, 19, of 26 Battle Creek Ave., Battle Creek, Mich., who has been designing and building his own models since he was 9 years old. Last summer with an original design he won a fourth place in Class A free-flight gasoline model flying.

The wing and fuselage are made of balsa wood one-sixteenth of an inch thick. Try to get hard balsa for the fuselage and soft balsa for the wing. The tail should be cut from soft balsa one thirty-second of an inch thick.

• • •

WHEN buying material, remember the drawing is only one-third of the actual size. You'll need a tube of model glue, some fine 00 sandpaper, a bottle of thin, clear model dope, a razor blade, a ruler, a camel's hair paint brush like those used for water colors, perhaps a bottle of dope thinner, a little modeling clay, and a place to work.

Cut out the fuselage. Sand it smooth. Make all edges rounded except where the wing is glued. Leave that flat. Give it two coats of dope, sanding lightly after each one.

Cut out the wing in one piece. Sand the wing with a rounded leading edge and on top so it tapers to a thin edge at the back. That gives it a regular airfoil section.

Turn the wing bottom-side up. With the ruler and razor, which you've used to cut out the fuselage and wing, score across the wing for the angles, but don't cut all the way through. Crack the wing carefully upward at the three angles, glue the cracks, and let it dry with the angles properly blocked up to obtain the proper dihedral or uplift on each half of the wing. When the wing is dry, give it two coats of dope, sanding after each.

• • •

CUT out the stabilizer, the horizontal tailpiece, and glue it atop the fuselage at the rear. Cut out the two rudder pieces and glue them onto the fuselage, top and bottom. Give them two coats of dope, too, but better thin it a little so the thin wood won't warp.

With the fuselage blocked upright, glue the wing in the proper place on top. Use blocks to hold the wing up evenly while the glue dries.

Now mould a little modeling clay on the nose for weight. Launch the glider by shoving it gently forward with the nose down a little. Remove or add clay until a straight, gentle glide is obtained.

It might be well to cut two slips of balsa from the scrap about one-sixteenth of an inch square and two inches long, and glue them under each side of the wing where it joins the fuselage. These will give strength.

By warping the tail surfaces, the model can be adjusted to fly a wide circle. It is recommended that the model be launched by holding it between the thumb and forefinger just below the wing.

There she goes! See her zoom!

Tail-Enders And Pennants

NO corner-lot ballplayer needs the reminder that the first week in April is National Baseball Week. Somehow baseball and April fit together like ham and eggs. This great American game does more than entertain. It can teach much about living too.

One season when Connie Mack had won nine American League championships and five World Series, the grand old man of baseball was given a dinner. In the usual manner the toastmaster introduced him.

The flowery speech ended and Connie Mack rose to his gaunt six feet four and a half inches.

"The toastmaster has spoken of my pennants," he began. "Nothing was said about my tail-enders." Connie Mack paused then and his blue eyes twinkled reminiscently as he added: "I've had a lot of tail-enders."

Of course any man who manages a ball team must learn to accept tail-enders as he accepts his pennants. Win or lose, he looks enthusiastically ahead to the next game.

That is a good rule for all of us to keep in mind. Never waste time regretting a failure or in gloating over a victory. Nobody loves a whiner.

Seven - year - old Mortimer swung his eyes from his baseball bat to a spinet piano which had just been delivered and stood resplendent in the living room.

"Aren't you thrilled?" Aunt Sara gushed. "Here is a brand new piano for you to learn to play. Why, Mortimer, can you think of anything more wonderful than this beautiful piano with those shiny keys?"

"Sure," Mortimer answered, continuing to look at his bat, "a piano will put any keys at bat."

Fruity Surprise

By Betty Barclay

MM! Tapioca Pudding! Mmmm! Apricot Tapioca Pudding! It's wonderful, and your family will love it. Easy to make, too, and a grand way to get extra fruit into the winter diet and make the dessert course something "special." And best of all, the ingredients for Apricot Tapioca can be kept on hand — to help take care of those "unexpected company" emergencies.

Apricot Tapioca

¼ cup quick-cooking tapioca; ¼ cup sugar; ¼ teaspoon salt; 2¼ cups apricot juice and water*; 1 cup cooked apricot puree*; 1 tablespoon lemon juice.

Combine quick-cooking tapioca, sugar, salt, and apricot juice and water in saucepan. Place over medium heat and cook until mixture comes to a full boil, stirring constantly. Remove from heat. Add apricot puree and lemon juice and stir until blended. Cool, stirring occasionally. Will serve 6 when put in glasses. Makes 8 servings.

*For apricot puree and juice cook ½ pound (about 1½ cups) dried apricots in 2 cups water until tender. Drain and add enough water to juice to make 2¼ cups. To make puree, rub apricots through sieve.

San Mateo Jaysee News Column

Thursday, April 28, has been set as "Your Community College Day" at San Mateo Junior College, President Charles Morris announces. The public will be invited to attend a display of the Coyote Point activities from four o'clock on, then buy a luncheon-supper at the college dining hall, and from there visit the other two campuses where numerous departments, classes, and exhibits will give the visitors a broad view of the entire college. Adults, their children, with a special invitation to high school students from the entire county, are invited to visit the campuses that evening as part of Public Schools Week, being observed nationally.

The college class in bird study left Sunday for Death Valley to give the students a chance to observe new birds, wild flowers, and the noted desert areas. The group traveled in the college bus, with the class instructor and his wife accompanying the students.

Three fine performances of the term play "Our Hearts Were Young and Gay" were presented last week end by the College Players, directed by Harry Keats.

April 22-23 will be busy at the junior college as the Men's Club has its spring smoker program planned for Friday, while the Alumni engineers will be having their spring dinner at El Jardine restaurant in the City, and the Associated Women Students and the Men's Club will have a semi-formal dance Saturday evening at the Hotel St. Francis. Mardy Leaver's orchestra will play. Saturday, April 23, the meeting of the Northern California Junior College Association will be held at the college with 20 junior colleges represented.

The college nine now has won six straight league games and leads the league. It also defeated the California frosh nine while the tennis team easily defeated San Francisco City College five matches to two.

"The Red Pony" A Film To Delight The Entire Family

A refreshing theme, coupled with an outstanding cast and a fine script are only a few of the factors which help to make Republic's "The Red Pony," which opened Wednesday at the Daly City Theatre, a motion picture to delight the jaded tastes of sophisticated movie-goers. A Charles K. Feldman presentation, the Technicolor version of John Steinbeck's best selling novel stars Myrna Loy and Robert Mitchum with Louis Calhern, Shepherd Strudwick and Peter Miles playing other top roles.

Conflict Of Human Problems

There is conflict in this story, as in the usual movie plot. This time, however, it is not a triangle of two men and a girl, or two girls and a man. "The Red Pony" depicts the antagonism which grows up between a nine-year-old boy, his father and the hired man. The father, having "married into" a ranch family, is unable to adjust himself to ranch life after leaving the teaching profession. Hard as he tries, the wistful man cannot grow closer to his family. He is deeply grateful to his serene wife for her skillful efforts to bring him into the family circle, but takes out his nervous resentment of the situation on his old father-in-law.

Y.L.I.-Y.M.I. Saturday Dansants

Once again the famous Y.L.I.-Y.M.I. dances will be brought back to San Francisco by Auxilian Institute No. 63, Y.L.I., and Pioneer Council No. 1, Y.M.I., on Saturday evening, April 23.

The locale will be the spacious Gold Room of the world famous Fairmont Hotel and will feature Sal Vance and his ten-piece orchestra. An interesting and exciting evening is being planned by the committee.

Heads Defense

With the resignation of James V. Forrestal becoming effective March 31, the job of secretary of defense has been given to Louis A. Johnson, above. Johnson was assistant secretary of war from 1937 to 1940, and contributed heavily to President Truman's successful 1948 campaign.

IS HEALTH A MATTER OF MONEY?

Here, again, there are tons of statistics — with no clear-cut conclusion. Most of the figures are too old to mean anything in terms of today's costs and today's incomes. Inflation has outrun research.

No one, however, would argue that a family making $2,000 a year gets as good medical care, or meets serious illness as easily, as the family with $10,000. The well-to-do can pay for anything more easily than the poor.

It is natural, then, that we should hear such generalities as "Poverty, illness and inadequate medical care go together," and "Medical care costs money, and the poor have less to pay for it."

There is statistical truth in such assertions, but that does not necessarily make them good arguments for a national COMPULSORY plan of medical care

There is also statistical truth in statements like this: "The mere paying of taxes does nothing but assure accumulation of funds which can be used to pay for health services. It does nothing whatsoever to assure the DELIVERY of the health services." (John R. Mannix)

Again in the same article, speaking of those in the lower income groups, Mr. Mannix writes: "The insurance principle encompasses the pooling of funds to equalize risk; it does not apply to those persons who have no funds to contribute.

"IF THE LATTER UNFORTUNATES ARE TO BE SUBSIDIZED —AS INDEED THEY MUST BE—IT INSULTS COMMON SENSE TO SUGGEST THAT ALL THE SELF-SUPPORTING MUST BE FORCED INTO AN INSURANCE SYSTEM FOR THIS SOLE PURPOSE."

Those who oppose political medicine argue that voluntary insurance plans are now available to a great and growing percentage of the population—at prices they can afford to pay.

They argue further than those who are not able to meet the costs of illness can be better helped directly, without a vast, complex system of insurance in which every earner will be obliged to participate.

As a matter of fact, S.1320, most recent of the compulsory insurance measures, makes no provision for the needy or indigent through insurance.

This bill specifically excludes from hospital services those suffering from tuberculosis, or mental or nervous diseases. It also states that the needy (not eligible for regular insurance benefits) can get them if some public agency will pay for them.

IN OTHER WORDS, THE TUBERCULAR, THE MENTALLY ILL AND THE VERY POOR WILL BE CARED FOR UNDER THIS BILL AS THEY HAVE BEEN IN THE PAST.

Federal Security Administrator Ewing, in his proposal, states that some 325,000 Americans are dying every year because they are unable to pay for medical care.

Early reports do not reveal the statistical source of this figure—or how such a shockingly large number of deaths could be accurately traced to lack of money.

Nor do reports say how medical care to save those lives would not be through the proposed 4 per cent or more tax on incomes up to the first $4,800.

Again the question seems in order: "Why can't we help the needy-sick without ourselves being forced to take out health insurance?"

Announce Engagement

At a meeting of the Phi Lambda Chi sorority last Wednesday, Miss Kathleen Schreiber passed candy to announce her engagement to Bill F. Higgins, jr., son of William F. Higgins, sr., 146 Woodrow street, Daly City.

Kathleen, who will be graduated from San Francisco State in June, is the daughter of Mr. and Mrs. F. Dean Schreiber, 33 Knowles avenue.

Wedding plans are just "in the future."

Both were graduated from Jefferson Union High school, Class of June '45.

Bay City Spelling Wins Out At Last

The Federal Board on Geographic Names has finally decided that San Francisco is right, after all.

For 54 years, San Francisco has tried to convince the Board that it's "Visitacion Point" and "Visitacion Valley." The Government's maps and documents have been spelling it "Visitation" since a Board ruling in 1895—despite the fact the names stem from the old Rancho Canada de Guadalupe y La Visitacion, which once covered the area.

Million Board Feet

In the Douglas fir region of Oregon and Washington the manufacture of one million board feet of lumber provides a living for about 45 persons for a year.

More Surplus Bldgs. Available For Veterans

Another group of surplus buildings at Camp San Luis Obispo will be offered on Saturday, April 23, to veterans in need of housing.

H. H. Jaqueth, chief of the local allocation division of the State Department of Finance, announced today that 123 miscellaneous buildings will go on sale on that date at prices ranging from $25 to $2,100, plus State sales tax.

Veterans who want to buy these structures must have an approved application form which their county service officers can supply upon showing of an armed forces discharge certificate or photostatic copy.

The buildings vary in size from small sheds to large hospital wards 32 feet by 150. All are in good condition, Jaqueth said. The larger buildings have good rustic exterior and excellent framing lumber, suitable for use in home construction.

Some of the units include storage tanks with capacities ranging up to 5,170 gallons. Veterans living in rural areas will find these particularly useful.

Interested veterans were urged to come early, since the one previous sale at Camp San Luis Obispo, at which 2,748 buildings were offered to veterans and farmers, ended in a complete sell-out in two days, and many veterans were disappointed.

The sale on Saturday the 23rd will open at 8 a.m., and will continue on a daily basis, Sundays included, until all buildings in the group are sold.

Rules governing surplus housing sales under the State program inaugurated in 1947 specify that all sales are for cash and on an "as is, where is" basis, without warranty. Veterans must make their own arrangements for dismantling and removal, to be completed within 30 days.

Further information can be obtained from county service officers.

High School Music Show Helps Buy Band Uniforms

A music show held at Jefferson Union high school made a profit of $200, which will go toward new uniforms for the school band, it was announced this week.

The show consisted of 20 different student acts and played to an enthusiastic audience of students, parents, and friends.

'Granny Be-Bop of 1949'

Mrs. Margaret "Nana" Haugan, 75-year-old grandmother from Joliet, Ill., prances in front of some of the prizes awarded her with the title of "Granny Be-Bop of 1949" on a Chicago radio program designed to prove that there's life in the old girls yet. Master of ceremonies Tom Moore congratulates the young-in-spirit Mrs. Haugan, who won over four other grandmothers with a dance-step similar to the above, accompanied by her version of "Dinah."

Walking Fish At S. F. Aquarium

Fish that walk on four legs and angle for other fish with "fly rods" are now on exhibit at Steinhart Aquarium here, it was announced by Dr. Robert C. Miller, director of the California Academy of Sciences.

And visitors to the Aquarium in Golden Gate Park can verify this is no "fish story." The fish actually do walk on four "legs" which, in other fish, are known as pectoral and pelvic fins.

These strange saltwater creatures arrived from Florida and are specimens of Ogcocephalus, a Greek family name which means "bulky head."

The Batfish, as it is commonly called, does strange things for a fish. It plants its front and back "feet" firmly on the bottom of its tank and casts about with a little rod through a hole in its nose in the direction of any small fry within luring distance. Brine shrimp, provided by Aquarium attendants, are fascinated with the gimmick, come close for a better look, and are promptly snared.

Five rooms abreast share the view of trees and rolling hills in this New England contemporary house. The architect has given a 93-feet wide plan a centrally placed entry, only a few steps from the driveway. The master bedroom has windows in three walls—one an enchanting bay, while the 14 by 22 foot living room has a large picture window, a pine-paneled fireplace and bookcase wall and is easily accessible to the garden porch through the adjoining dining alcove.

See the new DESOTO before you decide on any other car *at any price!*

Compare the others with "The Car Designed with YOU in Mind"

You cannot compare the new cars merely by looking at pictures . . . or by watching them on the highway. You've got to get behind the wheel *yourself.*

That's why we urge you to come and see this new De Soto before you decide on *any* other car.

You notice the difference right away. De Soto's doors are wide. You *walk* in . . . and keep your hat on. The steering wheel doesn't hit your knees. You're on chair-high seats, so that you get all the benefit of the larger windows and windshield.

You've got full stretch-out leg room, front and back. And you've got more luggage space in that flush-floor trunk than you ever dreamed of before.

Yes, De Soto is lower. It's got a longer wheelbase (all passengers ride between the axles). But there's no penalty for these advantages. Overall length and breadth are not increased. You needn't rebuild your garage. You can still change a tire. And a dented fender doesn't mean an expensive body repair job.

Let us show you *all* the new features of the car that *lets you drive without shifting.* Compare it for beauty, comfort, safety and value. Then decide.

Tune in "HIT THE JACKPOT" *every Tuesday night, all CBS stations*

Police Officers Annual Dance

The annual dance of the Peninsula Police Officers Association, given for members, their wives and sweethearts, will be held Tuesday, April 19, at the Green Hills Country Club in Millbrae.

A number of awards will be made to members who have achieved outstanding bravery and given meritorious service in their work during the past year.

Emceeing will be "Yours Truly" Al Eichler, Burlingame haberdasher. Entertaining will be Charles Brickler Jr., singer and magician. The famed Duncan Sisters of stage and screen, now living in Burlingame, have promised to present a number of talented entertainers from their school for actresses and actors.

Muir Woods VFW vs. Blues This Sunday At Marchbank Park

The Muir Woods V.F.W. baseball team will play the Daly City Blues at 2 p.m. this Easter Sunday at Marchbank park.

Managed by Johnny "Dip" Caulfield, well known to old-timers here, and featuring "Skippy" Larkins on second base, who is pegged as a comer, the V.F.W. team should be strong competition for the locals.

Before the war the visitors, then called the Mill Valley Juniors, played many games here at Jefferson high school.

Manager Caulfield went to school in Daly City when it was known as Vita Grande. In 1908 he helped form the first boys' ball team here, of which he was a member until 1914. He recalls that bases were rocks and home plate was an old sewer cover in those days.

"This Sunday I'm coming back to Daly City with my team, and we're going to win the ball game—I hope," he said.

CANCER DRIVE OPENS HERE

Mrs. Ann Eason, Daly City chairman, announced Daly City's participation in the American Cancer Society, 1949 Fund drive, as $325.

San Mateo county's contribution is $20,000. The drive is being staged during the entire month of April.

Cans for contributions are stationed in the local banks, city hall, and throughout the city. Letters have also been sent residents explaining the way donations to the society are spent and urging that a substantial contribution be made "so that the attack on cancer may be increased this year."

During the month of April over station KSMO, on Thursdays and Fridays at 10 a.m. fifteen-minute programs are being devoted to the drive.

Attractive Salad Mold

Molded salads have a crisp, cool look that makes you eager to taste. And when you make the mold with flavorful cream cheese and salad dressing, fruit nectar, crushed pineapple and celery, you have a salad supreme in flavor, color and good eating.

Serve with dainty bread and butter sandwiches and a beverage.

Apricot Ring Mold

2 tablespoons gelatin
½ cup cold water
2 cups apricot nectar
Dash of salt
3 tablespoons lemon juice
1 cup crushed pineapple
½ cup salad dressing
2 3-ounce packages cream cheese
1 cup chopped celery
½ cup chopped pecans
2 teaspoons gelatin
¼ cup cold water
Apricot halves
Pineapple Slice halves

Soften the 2 tablespoons of gelatin in the ½ cup cold water. Dissolve over hot water, and add to the apricot nectar blended with the salt and lemon juice. Chill. When the aspic begins to thicken add the crushed pineapple. Pour half of this mixture into an 8½-inch ring mold which has been brushed with salad oil. Chill until firm.

Blend the salad dressing into the cream cheese. Add celery and pecans. Soften 2 teaspoons of gelatin in the ¼ cup water. Dissolve over hot water and add to the cheese mixture. Spread this mixture over the firm apricot aspic. Chill.

Pour the remaining apricot aspic over the cream cheese layer and chill again.

When firm, unmold on crisp lettuce. Fill the center with small lettuce leaves and salad dressing. Surround the mold with the apricot and pineapple halves.

Korean Farmers Prosper

This Korean farmer til's the soil as his father did, with ox and wooden plow, but he is more prosperous. His father worked as a tenant, but under Korea's new land reforms the son will soon own his own land. Korean farmers can buy land for three times the annual production of its main crop. STATE INCOME TAX DEADLINE IS APRIL 15TH

In fixing tax liability under the law, after a taxpayer's net income is computed (gross income less allowable deductions), a deduction against net income is allowed for personal exemption and credit for dependents in computing net taxable income upon which amount the tax is levied, except that where the Optional Tax Table is used provision has been made in the table for the personal exemption but not the credit for dependents.

Personal Exemption — Single persons who do not qualify for exemption as head of a family are entitled to a personal exemption of $3,000; married persons $4,500. If a husband and wife file separate returns, the joint personal exemption of $4,500 may be taken by either or divided between them. If the tax of one spouse is determined from the Optional Tax Table, the other spouse, if not using this table, may claim only $2,250 personal exemption.

A Head of a Family is entitled to a personal exemption of $4,500. To qualify for head of a family exemption, a single individual must support in one household one or more individuals who are closely connected with him by blood or marriage relationship, or by adoption, and he must have the right to exercise family control and provide for such individuals on the basis or moral or legal obligation to do so. The individuals supported must be dependent upon the one claiming exemption as head of a family.

Although one qualifying as head of a family is entitled to a personal exemption of $4,500, nevertheless such an individual is considered a single person in determining liability to file a return. Consequently, even though one may qualify as head of a family, a return must be filed if his gross income is $6,000 or more, or net income is equal to or in excess of $3,000.

Credit for Dependents — $400 is allowed for each dependent as defined in the law (other than husband or wife living with the taxpayer, and other than the one dependent giving taxpayer the status of head of a family) if receiving his chief support from the taxpayer.

General Rule — Tax due under the law is payable on or before April 15, 1949, unless the taxpayer elects to pay the tax in three equal installments, in which event the first installment shall be paid on the 15th day of April, the second, August 15, and the third insallment on December 15. Taxpayers reporting on a fiscal year basis must pay the tax due on or before the 15th day of the fourth month following the close of the taxable year or at their option in three equal installments.

Requirements Still Stand On Reporting Auto Accidents

Enactment of Assembly Bill 802 in no way affects reporting provisions of the California Financial Responsibility Law, State Motor Vehicle Director A. H. Henderson cautioned today.

"There has been a noticeable decline in the number of damage and injury reports received during the past week," Henderson said. "We believe this can be attributed to a misapprehension that Assembly Bill 802 revised the reporting provisions of the act."

Henderson explained that the bill, signed into law March 31, changed only the insurance verification procedure. Henceforth, an insurance carrier will notify the Department of Motor Vehicles only if insurance is not in effect. Previously, affirmative notice was required.

Assembly Bill 802 carried an urgency clause and thus became effective immediately upon signature by the Governor.

"Reports are required from all drivers in accidents involving damage in excess of $100 to the property of any one person, or personal injury to any degree," Henderson said. "Those who fail to make the reports within 10 days of the date of an accident jeopardize their drivers' licenses."

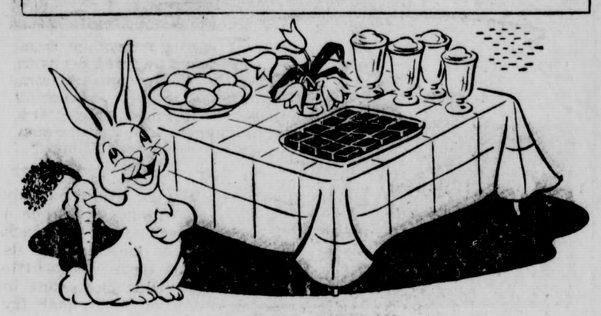
Eastereats



By BETTY BARCLAY

Are you serving an Easter ham this year? Here is a jam that is excellent with such a main-course dish — also some recipes for tasties that are wonderful for *any* meal:

Mixed Fruit and Pineapple Jam

1 box (1 pound) quick-frozen pineapple chunks, thawed
1 box (1 pound) quick-frozen mixed fruit, thawed
3½ cups sugar
1 box (2½ ounces) powdered fruit pectin

Drain pineapple, reserving juice. Put pineapple through food chopper. Combine pineapple, juice, and mixed fruit. Measure 3½ cups into a large saucepan. Measure sugar and set aside.

Place saucepan holding fruit over high heat. Add fruit pectin and stir until mixture comes to a hard boil. At once stir in sugar. Bring to a *full rolling boil* and *boil hard 1 minute*, stirring constantly. Remove from heat, skim, ladle quickly into glasses. Paraffin at once. Makes about 7 six-ounce glasses.

French Cherry Cream

1 package prepared vanilla pudding
2 cups milk
½ teaspoon almond extract
1 package quick-frozen red sour pitted cherries
2 tablespoons cornstarch
½ to ¾ cup sugar
¼ teaspoon salt
2 teaspoons lemon juice
½ teaspoon almond extract

Prepare vanilla pudding as directed on package. Add ½ teaspoon almond extract. Cool. Turn into sherbet glasses, filling about half full. Chill.

Thaw cherries as directed on package. Drain and measure juice, adding water to make 1 cup, if necessary. Combine cornstarch, sugar, and salt in saucepan; add cherry juice and water gradually, stirring constantly. Cook over low heat until mixture is thick and clear, stirring constantly. Cool. Add lemon juice, ½ teaspoon almond extract, and cherries. Chill. Pour sauce over pudding in sherbet glasses. Makes 6 to 8 servings.

Creamy Cocoa Fudge

6 tablespoons breakfast cocoa
2 cups sugar
Dash of salt
⅔ cup water
2 tablespoons butter
1 teaspoon vanilla
½ cup chopped nut meats

Mix together cocoa, sugar, salt, water, and butter in saucepan. Place over low heat and stir until sugar is dissolved and mixture boils. Continue boiling, without stirring, until a small amount of mixture forms a soft ball in cold water (or to a temperature of 234° F.). Remove from heat and add vanilla. Cool to lukewarm (110° F.). Then beat until mixture begins to thicken and loses its gloss. Add nuts and turn at once into lightly buttered 10 x 5 x 3-inch pan. When cold, cut in squares. Makes 24 pieces.

Easter "Sundae" Rennet Desserts

2 cups milk (not canned)
1 package chocolate rennet powder
Sweetened whipped cream
3 tablespoons chopped raisins
3 tablespoons chopped nuts

Set out 4 or 5 individual dessert glasses. Warm milk slowly, *stirring constantly*. Test a drop on inside of wrist frequently. When COMFORTABLY WARM, (110° F.) *not hot*, remove *at once* from heat. Stir rennet powder into milk quickly until dissolved — *not over one minute*. Pour *at once, while still liquid*, into individual dessert glasses. Do not move until set — about 10 minutes. Then chill. Just before serving chilled rennet desserts, top with 1 tablespoon whipped cream, raisins and nuts.

Magic Initialed Fondant Eggs Are Centerpiece and Favors Too

FOR an easy double-duty Easter treat at a children's party, serve a candy version of the traditional egg, which stars as centerpiece and a magic climax to refreshments.

The easiest sort of Easter egg is made of fondant, and a version of fondant so easily achieved that the children themselves can make it is a mixture of confectioners' sugar and sweetened condensed milk. This creamy blend of fresh whole milk and sugar, not to be confused with evaporated milk, produces a creamy, easily worked fondant without cooking, so there is no danger of burned fingers to young candy-makers.

If the eggs are inscribed with the names of the guests, they will be doubly welcome. You can write the names with chocolate frosting put through a pastry tube or traced with a match stick. There is no difficulty with such usual and short names as Bill and Jane but the eggs are not large enough for really long names, so initials may be used instead. When you set the refreshment table, arrange the eggs on a lace paper doily, with Easter bunnies as guards of honor.

Roll the eggs very lightly in a little confectioners' sugar as you make them and let them dry thoroughly on a piece of waxed paper before putting on the names.

Magic Easter Fondant

2/3 cup sweetened condensed milk
1 teaspoon vanilla
4 cups sifted confectioners' sugar

Blend sweetened condensed milk and vanilla. Gradually add confectioners' sugar, mixing until smooth and creamy.

This fondant may also be used between nut meats or as a stuffing for dates; or form into small balls and roll in chopped nut meats, shredded coconut, grated chocolate, candied fruit. Flavor and color as desired and form into round flat creams.

Uhalde Wins Regional Talent Contest -- Will Appear In Hollywood This Week

Colma's pride and joy, Albert Uhalde, operatic baritone, won the Northern California championship in the nationwide Talent Quest for Stars of Tomorrow at the Fox Theatre, last Saturday night.

He will be in Hollwood this week on a seven-day professional engagement at Grauman's Chinese theatre, together with other regional winners. On the final night, the national Talent Quest champion will be chosen and cash prizes adding up to 1850 will be awarded.

To finance his lessons the 31-year-old Colma baritone has been doing carpentry work. He is a veteran and father of three young children. He was born in Reno and grew up in France and, thru study and travel, has learned to speak several languages.

Uhalde won over five other finalists—all winners of the contests in their home towns.

Baby Contest Entries Still Coming In

Entries are still pouring in to the Record office for the Little King and Queen of Daly City contest, which is being sponsored by Menlo Park chamber of commerce as a preliminary to the Little King and Queen of the Peninsula contest.

Applicants must be between the ages of three months and six years, and will be judged both on personality and "cuteness."

The winners will be eligible for the Little King and Queen of the Peninsula contest. Winner of that contest will receive a free screen test, a $100 savings bond, a trophy and an outfit of clothes.

Every entry will receive a certificate award, and a 5"x7" picture will be given free to each contestant. Entries should be sent to Ted Merriman, Little Peninsula Baby Director, care of this paper. There is a $1 entrance fee.

Daly City Unit Plans To Entertain 26th Auxiliary

Daly City Unit No. 410, American Legion Auxiliary, met last week to make final plans for the entertainment of the 26th District American Legion Auxiliary meeting. The district affair was held April 8 with the Daly City unit and Broadmoor Unit No. 482 as hostesses.

Members of the Broadmoor unit were guests at the Daly City meeting. They were Mrs. Helen Richardson, president; Mrs. Betty Hodd, second vice president, and Mrs. Cleo Chealsy, marshal.

A carton of cigarettes was sent to a sick veteran of the Daly City post. The veteran is now at Fort Miley Hospital.

Mrs. Harris of the Brisbane unit took home the Dormeyer mixer in the recent contest held by the Daly City unit.

RESCUES CAT

Elmer did his deed for the day last Wednesday when a call from 168 Irvington street requested aid in rescuing a cat stranded atop a P. G. & E. pole. Several attempts by neighbors had proved unsuccessful but Chief Elmer Kennedy drove up in Company No. 4's fire engine and rescued the feline.

17th District CCPT Convention Slated Thursday, April 21

The twenty-second annual convention of Seventeenth district, California Congress of Parents and Teachers, will be held on Thursday, April 21, at Sequoia Union High School auditorium in Redwood City. Registration will begin at 9:30 a.m. with call to order at 10 o'clock. Theme of the convention is "Stepping Stones."

Arthur F. Corey, executive secretary of the California Teachers Association, is scheduled to speak at the morning session. Annual business and a report from the nominating committee is on the agenda.

Luncheon will be served at 12:30 p.m. at St. Peter's Episcopal Church and the First Methodist Church, in Redwood City.

Reservations for luncheon must be made to Mrs. M. H. Richards of Burlingame or Mrs. Charles Bersinger of San Carlos by April 15.

Broadmoor Assn. To Hold Election May 6

An election of officers and directors for the Broadmoor Property Owners Association will be held May 6.

Nominations for the office are now open with three having filed to date. Those running must file for the office with Mrs. Verna Duste, secretary, at her home, 1004 Washington street. Applications must be in prior to April 24.

Hold Services For Mrs. Louise Kuebler

Funeral services were held Tuesday at 2:30 in St. Helena for Mrs. Louise Kuebler, sister of Mrs. Annie Smith, 187 Irvington street, Daly City. Mrs. Kuebler passed away at her sister's home Saturday, April 9, following a lengthy illness.

DOG POISONED

Mrs. Roy Carlson, 924 Brunswick street, reported the poisoning of her dog last Saturday evening. She told police she left the dog out for ten minutes and shortly after it was found dead on the lawn in front of 992 Brunswick street. Her other dog was poisoned on April 4 and was taken to a veterinarian. There have been several reports of dog poisonings in that vicinity lately.

Australian Girl Likes California

Visiting her sister, Mrs. Hilton Webster, 178½ Sagamore street, San Francisco, is Miss Heather McDonald, 21, from Sidney, Australia, who is here on a six-month visa. Heather was employed as secretary for a business man in Sydney.

She's a typical outdoor girl enjoying such sports as swimming, hockey, sailing, and vigaro, a girls' game similar to cricket. And most important of all, she thinks California is "wonderful."

COLMA ROBBERY

Someone took off with two B.B. guns and a G.E. ironer last Saturday morning from the Colma Pioneer Hardware, 22 San Pedro road. According to police entrance was gained through the plate glass window nevt to the door. The robbery was reported by Sam Silicani at 7:17 a.m. Saturday.

Sunrise Easter Services On Mt. Davidson Scheduled For 5:33 A.M. Easter Sunday

Guided by the light of the illuminated cross, San Franciscans will climb the trails to the top of Mount Davidson to gather at the foot of the cross which towers 103 feet above the crest of the mountain for the 27th annual Sunrise Easter Service on Mount Davidson beginning at sunrise 5:33 a.m. with the sunrise trumpet call following the prelude by the San Francisco Municipal Band under the leadership of Philip H. Sapiro.

"Easter — on the Mountain Top and in Life" will be the theme of the sermon by Dr. Percy R. Hayward of Palo Alto on the staff of the Pacific School of Religion in Berkeley and editor of the International Journal of Religious Education.

Also participating in the service will be the Reverend LeRoy Nattress of the Miraloma Community Church; Chaplain Clifton R. Pond, Chief Chaplaincy Division, United States Veterans' Administration, and Dr. T. Christie Innes of Calvary Presbyterian Church, with the Reverend Clifford H. Jope, program chairman, presiding.

The anthem will be sung by the Mount Davidson Choir in cooperation with Marina Adult School under the direction of Claude A. Werd, accompanied by Josephine Bugli, organist.

The Municipal Railway will operate special service for the Sunrise Easter Service with transfer connections to motor coach route No. 10.

NEWS FROM THE SCHOOLS

CROCKER

"Meet Your Federal Government" was an outstanding film on the democratic form of government. It depicted for the eighth grade students the three branches of the federal government, and their check and balance system in operation. Audio-visual aids of this type are shown to groups with a specific teaching objective, thus impressing upon the minds of young America that the various ways of learning are interwoven with individual differences of no' only learning by doing but learning by seeing and hearing as well.

H7 and L8 have been learning about the first cabinet of the United States. They have also learned that the President's cabinet of today has only nine members since the office of secretary of war and secretary of navy have been combined into one office, that of secretary of defense.

The pupils have learned about the XYZ affair and that during this period our American ministers made their famous reply, "Millions for defense but not one cent for tribute."

The L7 of Room 5 has joined the H7 in a study of geometric figures in arithmetic. The H7 has just completed the study of percentage.

In social studies the seventh graders have been learning about France. In connection with the history of France they have learned about feudalism and the age of chivalry.

H5 and L6 classes enjoyed seeing "Of Men and Wings," a movie depicting the development of air power and travel since the beginning of heavier than air craft.

A very educational panel "Glimpses of Eighth Grade Fundamentals" is an interesting activity specifically developed by H8 grade students. Material gathered from some of the daily work of the eighth grade areas of experience in the fundamentals of arithmetic and the language arts have been enlarged for the purpose of visualization and emphasis. Some of the panels explain simple algebra and geometry, square root, formulas, formal grammar fundamentals, parsing of nouns, analyzing verbs, as well as the diagram of various kinds of sentences. An activity of this type not only stresses the fundamentals of learning but leads to the development of good social attitudes and cooperation in accomplishing a set project.

JEFFERSON

Two displays in the fifth grade room are attracting quite a bit of attention this week. One bulletin board is covered with original landscape drawings. Among those students who were selected as having the best sketches were Richard Rasor, Don Lew Saylor, Carol Ann Hansen, Erich Faust and Corinne Young.

A coin exhibit is the other center of attraction. Coins from many different countries are on display. Richard Stookey, John Gustafson and James Giblin brought their treasured collections to school for the class to inspect.

During audience reading period last week, Carol Lee Bruce read and dramatized for the class her library-reading book, "Giddape." Next week Laverne Nannini will read "The New Baby."

Seventh graders at Jefferson are now culminating their social studies unit on "Early Civilizations." The purpose of studying this unit is to develop in the children a more complete awareness of the cultural, social, economic and political influences of ancient times.

The civilizations studied were Egyptian, Babylonian, Hebrew, Greek and Roman.

WOODROW WILSON

The students of the sixth grade are studying about communicable diseases and the relation of insects to disease. Insects are the carriers of disease bacteria and protozoa. The students are learning about the diseases one could get from flies, mosquitos, bedbugs, fleas, graybacks, lice, and cockroaches. They are greatly interested in the vaccines and serums used to prevent and cure diseases from these carriers of germs and the part they must play as a citizen in preventing the spread of disease.

The sixth graders are making reports on Magellan, the discoverer of the Philippine Islands. An examination will be given Friday on the Philippine Islands before the students begin their study on the East Indies.

The students of the low and high seventh are making physical and political maps of Italy. Jane Kennedy, De Wayne Soares, and Roberta Taylor did very well on the examination of Greece. Raymond Emery has transferred to Menlo Park.

100,000 Car Mark Passed By Calif. Studebaker Plant

Studebaker's West Coast assembly plant in Vernon, California, just outside of Los Angeles, is now well past the 100,000 mark in production, it is announced by William J. Sweeney, local Studebaker dealer.

It is disclosed that the Studebaker Pacific Corporation factory, which turned out its first made-in-West motorcar on November 23, 1935, finished car No. 100,000 on March 28, 1949.

This is considered rather a striking record in view of the fact that for about four years — during the war and immediately afterward — there was little or no car production in the Vernon factory. It was an all-out war plant till V-J day and, due to parts shortage, on a limited car schedule for quite a long time afterward.

Car No. 100,000, a Studebaker Commander Regal De Luxe Starlight Coupe, has been lettered with signs telling the tale of this production "milestone" and is being driven by the district managers throughout the territory in visits to retail establishments.

Women Of Moose Plan Initiation

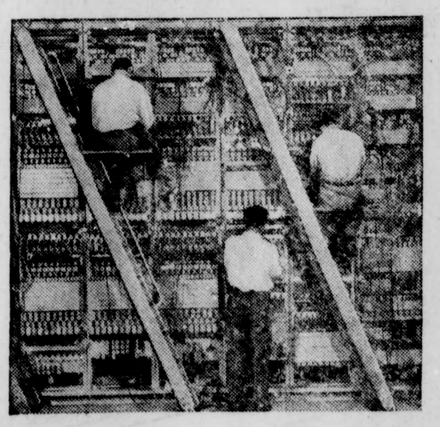
At the regular meeting of the San Francisco Chapter No. 739, Women of the Moose, next Tuesday evening, an initiation is being planned. Refreshments will be served by the Homemakers' chairman.

The women bowlers are meeting every Tuesday of each week at 8 p.m. There is room for more, so those wishing to bowl contact Lucille Peterson at PRospect 6-2262.

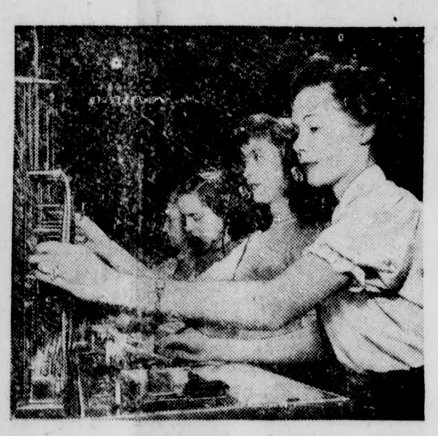
ONE OF TODAY'S BIGGEST BARGAINS

How your telephone gives you more real value today in spite of sharply increased costs of furnishing service

1. **For a quick call to the druggist,** for business, for every purpose, your telephone is a more valuable servant today than ever. It can run more errands, do more jobs. In the past ten years, telephones on the Coast have doubled. We're continuing to add them rapidly. Result: You can get in touch with more people. More people can get in touch with you.



2. **If you could see** how much expensive equipment goes to work for you each time you make a call, you might wonder how it can be done . . . for just a few dollars a month. Lines, cables, poles, buildings, intricate equipment—all must be ready . . . along with the people who man them . . . to serve you when you pick up your telephone.



3. **More "Voices with a Smile"** are serving the West today . . . our payroll is the biggest ever. Postwar costs have shot up all along the line on the things we do to provide service. The facilities to serve new telephones today cost about twice as much as prewar. Yet telephone rates are up much less than almost anything we buy or you buy.

4. **There is no way** to determine the full value of a telephone, of course. A call may be routine—or it may save a life, make a new friend, close a business deal. Yet a few pennies still buy a telephone call. In these days of high prices, it's good to know that your telephone keeps giving you real value—it's one of today's biggest bargains.

The Pacific Telephone and Telegraph Company

Your telephone gives you more service today than ever before

Mrs. Hilda Dennis Heads Colma P.T.A.

The election of officers for the coming year was held at the meeting of the Colma P.T.A. April 6. The new officers are: Mrs. Hilda Dennis, president; Mrs. Virginia Stanghellini, vice-president; James H. Snell, honorary vice-president; Miss Marie Traynor, honorary vice-president; Mrs. Hazel Colwell, honorary vice-president; Mrs. Belva Temkin, recording secretary; Mrs. Jeanne Brugge, corresponding secretary; Mrs. W. H. Beck, treasurer; Mrs. M. Pauline Brown, historian; Mrs. Alma Ledwith, auditor, and Mrs. Edna Van Vliet, parliamentarian.

Mrs. J. Sorensen of the Woodrow Wilson P.T.A. explained the two correspondence courses offered by the Seventeenth District to all members. The two courses are about parliamentary procedure and P.T.A. history. Anyone interested in taking these courses may find out more about them by calling Mrs. Hilda Dennis, DE. 3-8959.

There were 21 members and three guests present at the meeting.

Royal Neighbors Sewing Club Met Friday, April 8

The Royal Neighbors of America Sewing Club met at the home of Mrs. Nellie Allen and Mrs. Jerry Allen, 167 Peoria street' Friday, April 8.

Dutch whist was played after the business meeting. Delicious refreshments were served by the hostesses.

Those present were Mesdames Lois Storm, Lillian Thomey, Grace Coolish, Johanna Hedvall, Marie Ruecker, Merle Taylor and Agnes Wood.

Mrs. Coolish will entertain the sewing club at her home, 219 Miriam street, on May 13.

The regular meeting of the Royal Neighbors of America, scheduled for April 15, has been cancelled until April 29. At that time a potluck supper will be served at the Little Italy hall.

WHEN IN DOUBT

When in doubt, don't step out into traffic lanes, warns the California State Automobile Association. Stop, look both ways, and make sure it is safe to proceed before crossing a street or highway.

Daly City Theatre States Policy On Children's Shows

"The Dark Past" with William Holden, while considered a fine picture, has an adult rating and will not be shown on the Kiddie Matinee at the Daly City Theatre, April 16.

However, the balance of the program, which includes the picture "The Red Pony," is excellent fare for all ages, and is recommended by the management.

"It is the policy of the Daly City Theatre to withhold from the Kiddie Shows any and all pictures that are deemed unsuitable for the children," Dan Anderson, manager of the Theatre said yesterday.

This policy has been accepted by the P.T.A.'s as another step towards helping eliminate the wrong ideas from juvenile minds.

"The Daly City Theatre is, in this way, trying to do a public service. We believe in putting forth our best efforts in behalf of the children of our city," Anderson said.

"Any sportsman who stands idly by and watches his own wildlife supply plundered by law breakers without registering a protest where it will do some good, is certainly indulging in muddled thinking."—Outdoor Life magazine.

FOSSILS FOUND

More than one hundred different types of fossils, including the three-toed horse, rhinoceros, and bear-like dogs, have been found in the John Day Fossil Beds state park located in eastern Oregon. Fossilized bones found throughout such beautifully eroded formations as Turtle Cove, The Cathedral, and Sheep Rock tell of a strange history that goes back as far as seventy-five million years when prehistoric beasts inhabited an area bounded by seas that have long since disappeared.

DESERT WILD FLOWERS

Motorists eager to view the brightly colored lupines, primroses, and lilies that bloom in the desert should journey out in the direction of Twenty Nine Palms in San Bernardino county during the last two weeks in April. Just about this time the wild flowers in this area should be at their best.

EFFICIENCY DEMANDS ORDER

Nothing contributes more effectively to good car-care than keeping the tools in good condition and in good order, declares the National Automobile Club. If wrenches, pliers, hammers, and other tools are left scattered about the garage, or thrown carelessly in the back of the car, the next time they are needed the motorist must almost double the time he expected to spend on the repair job. The job is never finished until the tools are back in their rightful place.

In A Whirl?

By Betty Barclay

CERTAINLY, many of us do seem to start off our days in a whirl. Time and tide, to say nothing of trains and busses, leave us little choice. But come Sundays and holidays, how we love to relax and enjoy a nice leisurely breakfast. And that's the time to give the family a special kind of whirl — Jam Whirl. They will love this glorified coffee ring — it is not only attractive to look at but a treat to eat.

Jam Whirl

2 cups sifted flour; 2 teaspoons double-acting baking powder; ¾ teaspoon salt; 3 tablespoons sugar; 5 tablespoons shortening; 2 egg yolks; ⅔ cup light cream; ½ cup red jam.

Sift flour once, measure, add baking powder, salt, and sugar, and sift again. Cut in shortening. Beat egg yolks well and add cream; add to flour mixture and stir until soft dough is formed (20 strokes). Turn out on lightly floured board and knead 20 turns.

Divide dough into two equal portions. Form each piece into a long rope about ¾ inch in diameter. Wind one in spiral on greased baking sheet, winding from center outward. Attach the other and continue winding to form large pinwheel. Wind loosely, leaving ⅛-inch space between rolls of dough. Fill space with jam. Bake in hot oven (400° F.) 35 minutes, or until done. Makes 6 to 8 servings.

Note: If desired, brush top of baked cake with glaze made by mixing together 4 tablespoons sifted confectioners' sugar and 1½ teaspoons hot water.

BEWARE OF SELF-WEAR

Some car units are slow in wearing out and seem to wear less rapidly after reaching a certain point. Universal joints, states the National Automobile Club, are an exception. When these show signs of giving out, it may pay to put in an order for a new set. This part is under great strain even when tight and properly lubricated. When it is worn, its own looseness inflicts punishment upon it. Worn joints throw off grease, leaving them under-lubricated and much more susceptible to damage. Their replacement often becomes a matter of necessity much sooner than an owner suspects.

TIME TO WAIT

"Rush and Wait" seems to be the motto of many automobile drivers who dash up to traffic signals and slam on their brakes, risking much and gaining nothing except a little more time to wait. "Take It Easier" and make it easier on your brakes, urges the California State Automobile Association.

GIVE PROPER ARM SIGNAL

That man behind you may not be a mind reader, advises the public safety department of the National Automobile Club. The motorist who fails to warn others of his turns and stops by giving proper arm signals in a clear and unmistakable way is displaying a sad lack of both common courtesy and common sense.

DON'T OVERDRIVE HEADLIGHTS

Don't overdrive your headlights at night, advises the public safety department of the National Automobile Club. To drive at a speed greater than will permit you to come to a full stop in the distance ahead illuminated by your headlights, is to drive headlong into darkness, possibly headlong into death.

SANTA BARBARA WILD FLOWERS

Lupines, poppies, shooting stars, and mustard are just some of the wild flowers that are now bursting into bloom in the Paradise Camp and Gibralta Dam area of Santa Barbara county.

There are more than 150 cotton gins in the San Joaquin Valley.

Veterans Weekly News Column

Veterans are reminded by Veterans Administration that VA can not pay for out-patient medical treatment by private physicians unless the injury or illness is service-connected and then only if prior authorization is obtained from VA.

Pointing out that many veterans are receiving such care without proper authorization in the mistaken belief that VA will pay the bill, VA advises veterans either to contact VA personally or to have their doctor get permission from the chief medical officer of the appropriate VA regional office before beginning treatment.

Application for authorization should include the veteran's claim number and the nature of the disability for which treatment is needed.

In cases of emergency treatment for service-connected disabilities, prior authorization is not required, but the treatment must be reported to VA within 15 days to assure payment by the agency.

Question: Will VA pay my bill if I go to a private hospital in my home town instead of a VA hospital in a distant city?

Answer: Yes, but only for a service-connected disability and if you have secured prior approval from VA.

Question: My brother plans to go to school this summer for the first time under the GI Bill. I am already attending a school under the same bill. I wish to attend the same school my brother attends this summer. Do we have to make application in advance to attend summer school?

Answer: Yes. Your brother should apply now for a VA certificate of eligibility; and, if you intend to continue your education this summer in a different school, you should apply as soon as possible for a supplemental certificate of eligibility.

Question: I am a disabled veteran and would like to know on what basis compensation for service-connected disability is granted?

Answer: The disability must result from disease or injury incurred in or aggravated by active military or naval service, in line of duty.

Question: What interest rates are lenders permitted to charge on business loans?

Answer: In most cases, 4 per cent is the maximum. However, the interest rate may be slightly higher for certain types of insured business loans.

California Teachers Assn. Tells Of Need For State Support Of Public Schools

For a year's schooling for Mary, $2,128; for Johnny 26 cents.

With this story of Mary and Johnny humanizing its pages of detailed statistics, the Cooperative Committee on School Finance today released its report on the ability of local communities to support schools.

There is $266,000 of assessed wealth behind Mary and each of the other 88 pupils at the Belridge Elementary school in Kern county. There is $33 behind Johnny and the other 104 students in the William Boothe school in Sonoma county.

So, from the standpoint of local school revenue to pay for her 3 R's, Mary has about an 8,500 to 1 edge over Johnny.

These are two of the extremes among local districts, but the report showed that inequality of educational opportunity could be repeated in varying degrees for a million California school children.

"Wide disparity between districts' ability to finance education is testimony to the need of school support by the state on an equalization basis, with poor districts getting proportionately more aid than rich ones," said Arthur F. Corey, executive secretary of the California Teachers Association, co-sponsors of the cooperative committee.

To give pupils in all districts more nearly an even break educationally, the cooperative committee recommends state aid under a formula which would guarantee every elementary child a basic program costing at least $185 per year.

To make this possible, the amount the local district can raise by a 65-cent tax would be subtracted from the total of $185 per student, and the difference would be supplied by the state. However, the constitution already provides that no district will receive less than $90 per child, regardless of its wealth.

Actually, the committee estimates that most districts will want an educational program costing considerably more than the $185 "foundation" program, and this could be achieved by levying a local tax higher than the 65-cent figure used to compute the amount of state aid. At present, the rate is 80 cents or more in 56 per cent of the elementary districts.

Dear Prospective Customer:

It is with great pleasure that I announce the opening of my own Plumbing, Heating and Appliance Shop at 6789 Mission street.

For years I served the old and reliable firm of Ahlbach and Meyer, who have now retired from business.

Here, in my own shop I guarantee to follow their general policies, varying of course to meet present demands.

Free estimates on any type of work will be cheerfully given. Just call JUniper 5-0101 for an appointment.

Only the finest workmanship by experienced mechanics will be at your service.

Another feature which I wish to emphasize, is that we give NIGHT and DAY Service and are open Friday and Saturday evenings until 9 p. m.

We also carry a complete line of household appliances, specializing in water heaters.

Hoping to serve you in the near future, I remain

Yours very truly,

JOSEPH G. LEVEE

Postal Receipts Up At S.F. Station

Contrary to the downward trend of business reported by California industrial concerns, postal receipts at San Francisco have increased, according to a statement just released by Acting Postmaster John F. Fixa.

Stamp sales here increased 34.5 per cent over March of 1948 for a total value of $2,256,184; letters cancelled and processed totaled 38,579,800 or an increase of 222,200 over March of the preceding year. A total of 1,042,769 pieces of parcel post dispatched during the month represented a gain of 67,125 pieces over 1948.

The Canal Zone had a civil population of 47,352 in 1946.

English is universally spoken in the Virgin Islands.

SHOCK ABSORBERS

Automobile shock absorbers should be checked and serviced at regular intervals. Fluid should be kept at factory recommended level and supporting arms should be kept securely fastened to the car frame.

Bathers float like corks on the surface of the Great Salt Lake in Utah.

BUMPER CROP

Year after year the Grim Reaper harvests a bumper crop of careless pedestrians on California's streets and highways. Watch your step in traffic, don't jaywalk and don't take chances.

The first public entertainment in San Francisco was given on June 22, 1849.

Coal and petroleum production is increasing in Alaska.
